## WELCOME

It is my pleasure to welcome everyone to the second edition of the Argo Yachting customer magazine – Argo Nautica.

We think it's packed with inspiring articles and useful information to enhance your yachting experience; we certainly hope so. We have enjoyed a wonderful spring/summer season with boat shows, customer events and sea trials across Europe, catching up with familiar faces and welcoming new customers on board.

Argo Yachting has continued to grow over the past twelve months. Along with supplying Chris-Craft, Pardo Yachts and Saxdor in various areas of Western Europe, we are delighted to announce that we have added three further brands to our new yachts portfolio; Galeon for the UK, Balearics, Portugal and the Baltic Coast of Germany, Wider for the UK, Ireland and Germany and Greenline Yachts in Spain. And this year we have new yachts available from all six of our brands alongside a plethora of pre-loved brokerage boats available across all the most well-known luxury brands in the marine world.

Motor Boat & Yachting's annual awards earlier in the year declared the Galeon 500 Fly 'Best Flybridge up to 60ft', while the Pardo Endurance 60 was a finalist in the 'Sportscruisers over 45ft' category, high praise indeed for our manufacturer partners.

As our business continues to go from strength to strength, we have expanded our presence to be able to better serve our customers. We now have offices across nine locations including Plymouth, Swanwick and Ocean Village in Southampton, Neustadt in Germany, Marbella in Spain, Marina Botafoch in Ibiza and three in Mallorca – Cala D'Or, Port Adriano and Puerto Portals. We are also proud to have five service centres; Saxon Wharf in Southampton, Turnchapel in Plymouth, Marbella in Spain, Neustadt in Germany and Son Bugadellas in Mallorca. Our facility in Son Bugadellas specialises in retrofit, interior design and upgrades to any yacht. Our dedicated in-house team of carpenters and upholsterers are able to create your bespoke yacht to reflect your unique taste and requirements.

In this edition we also take a closer look at Argo Yachting's finance and insurance offering with our in-house Finance Manager – helping to make your dream a reality and begin your boating lifestyle. We highlight the benefits of our very own retrofit and service products to ensure we keep you on the water in style. And our local Southampton broker, Charles, shares his wisdom on boating on the south coast.

I wish all of our customers a fantastic end to this year's boating season and look forward to meeting you at one of our upcoming events. And I hope you enjoy the first printed edition of your customer magazine.

Colin Capewell,  
Managing Director, Argo Yachting

# CUSTOMER EVENTS

Argo Yachting invited customers to join them at a wide range of inspiring events across Europe this spring/summer season. From helming a yacht from one of their new brands to zipping around in a speedboat or test-driving a luxury sports car, as well as celebrating all things boating at one of their cocktail receptions.

Saxdor Extravaganza, Port Calanova, Mallorca  
6 - 7 April

Porsche x Chris-Craft Ride & Drive Experience,  
Port Adriano  
14 - 15 April

Over 40 guests attended this two-day event during a very hot Easter weekend with the opportunity to drive a Saxdor 200 Sport, 270GTO, 320GTO and 320GTC.

Argo were thrilled to team up with Centro Porsche Baleares and The Whale Tail Project. Exciting art pieces were reworked from genuine Porsche parts inspired by legends from Porsche's racing history. Guests could drive a luxurious Porsche Cayenne Hybrid and Porsche Panamera to Santa Ponça, and then helm a stunning Chris-Craft Launch 28GT and 35GT around Malgrats Islands.

Season Opener Event, Puerto Portals, Mallorca  
28 April

Celebrating the start of the yachting season with the wonderful Palma International Boat Show, Argo invited customers to their premises for a cocktail soirée featuring a DJ and flamenco dancer. Over 80 guests were invited to take a look at the Saxdor 270GTO on the terrace of the Argo and Princess offices, whilst enjoying Italian tapas and drinks.

Saxdor Demo Event, Santa Eulalia, Ibiza  
31 May - 1 June

New customers joined Argo Yachting at Café Sidney with the opportunity to drive a Saxdor 270GTO and a 320GTO.

Galeon Launch Event, Port Calanova, Mallorca  
28 - 30 June

To mark the launch of this fantastic new distribution agreement with Galeon Yachts, Argo invited guests to take a look and sea trial the Galeon 405 HTS and 460 FLY.

Argo Yachting Showcase,  
Marina Botafoch, Ibiza  
20 - 21 July

Guests were invited to the white isle to view and sea trial the Galeon 405 HTS and the beautiful American Chris-Craft Launch 35GT.

Argo Yachting Showcase,  
Port Adriano, Mallorca  
28 - 29 July

Visitors enjoyed a fantastic line-up of yachts to view and demo including the Chris-Craft Launch 35GT, Saxdor 270 GTO, 320 GTC and new to Argo, the Galeon 405 HTS.

Exhibition of Artwork by Sandy Curry,  
Puerto Portals, Mallorca  
14 July

A curated art event was hosted by Argo Yachting to take a look at the beautiful work by local artist Sandy Curry. Her stunning paintings draw inspiration from the breath-taking scenery of Mallorca's sandy coves, rugged cliffs and quaint fishing harbours. There was also the opportunity to meet and talk to Sandy in person about her work.

Keep up to date with future customer events and register your interest to attend:

# ARGO YACHTING APPOINTED OFFICIAL DISTRIBUTOR FOR WIDER YACHTS

Argo Yachting is now marketing the fantastic range of Wider Yachts for exploring all corners of the globe by customers from the UK, Ireland and Germany. Wider was founded in Castelvechio di Monteporzio, Italy in 2010. Its first project, the Wider 42, an innovative and high-performance 13-metre yacht, immediately received worldwide recognition. Today, Wider specialise in large, luxury yachts and catamarans that are available as hybrid and electric models, with the latest efficiency innovations in design and technology.

Wider's range of large, luxury superyachts and catamarans benefit from award-winning design and the ultra-efficient Wider hybrid propulsion systems. As one of the first yacht brands to bring electric technology into their designs, Wider Yachts are regarded as being at the forefront of new design and innovation. Expect modern luxury and features that are beyond what you thought possible. Wider Yachts make use of their state-of-the-art hybrid technology to create sleeker and more efficient vessels that have you and the environment in mind.

Their design goes one step further, with spacious interiors that are finished to an exquisite luxury standard, with sociable living areas, dinettes, jacuzzis, wet bars and more. The yachts of tomorrow are already here.

CATAMARANS • WIDERCAT92

The future-proof, 28-metre Catamaran powered by the Sun. The WiderCat92 makes use of its generous proportions, with four double guest cabins, saloon, beach club and sky lounge, all finished to the highest standard. Natural light pours through large windows throughout the vessel, with light teak accents offering calm surroundings that reflect the ecological philosophy that Wider pride themselves on. Premium finishes and features throughout have been implemented for every guest and owner to enjoy a truly magical experience. She has 170m<sup>2</sup> of solar panels making this luxury catamaran self-sufficient when anchored, and she cruises effortlessly at up to 15 knots with hybrid propulsion without leaving a trace on the environment.

SUPERYACHTS • WIDER 165

This 50-metre superyacht features advanced and easy to use technological systems that define this spacious and ecological model. Every inch of this generously proportioned vessel is utilised to its full extent. You'll find the power generator room forward in the bow, with LiPo batteries in the technical area of the stern. Everything in between has been designed for your leisure, comfort and luxury.

Enjoy the onboard salt water pool and deck area in beach mode, the naturally lit living areas including gym and sauna, and your spacious and accommodating cabins that offer 5-star furnishings throughout for up to 12 guests and 11 crew.

Utilising Wider's renowned hybrid technology, this is luxury yachting that keeps the environment in mind with an ecological speed of 10 knots whilst also reaching up to 14 knots.

SUPERYACHTS • WIDER 150

Less emissions, more power and the finest in luxury design. The Wider 150 defines the future of yachting and is distinctive for its unique features that are only available on larger superyachts of this calibre.

Being aboard this 46-metre superyacht lets you enjoy large living spaces, with closer contact to the sea in the Beach Club and her hybrid propulsion offers an ecological and powerful means of traversing the water, with minimised emissions.

The propulsion system, partnered with azimuthal thrusters, is part of its Power Management System (PMS), the smart system that manages the electric power of the yacht, which is produced by four generators and stored in batteries. This power increases the cruising range, reduces consumption and keeps the yacht running efficiently. Choose to run in Zero

THE FUTURE OF YACHTING  
IS ALREADY HERE.

WIDER 150

WIDER 165

Emissions Mode through the batteries, or with the four in-line diesel generators. She can cruise ecologically at 10 knots and reach up to 14 knots.

On board, enjoy the large saloon surrounded by floor-to-ceiling windows bathing the space in natural light and offering immersive views of your surroundings. The Sky Lounge on the upper deck allows for open space and alfresco dining, with two balconies creating additional benefits often only seen on larger superyachts. A wide external entertaining area on the main deck boasts a spacious lounge area while towards the bow, is the full-width owner's suite complete with private balcony overlooking the sea.

Guest accommodation comprises five large cabins with private bathrooms and luxury interiors designed and finished with natural pieno fiore fine grain leather. There are also five cabins for 9 crew.

Thanks to its 90 m2 surface at water level, the Beach Club of the WIDER 150 is the largest in this category of yachts, and also features a substantial garage space for a tender. She also boasts a salt water pool.

SUPERYACHTS • WIDER 135

Size and luxury combine with tranquillity and efficiency. This next level in superyachts offers luxury surroundings with the latest in propulsion technology.

The WIDER 135 combines the space and comfort of a displacement yacht with the onboard convenience of an open yacht. The yacht's propulsion offers tranquil cruising or complete silence under its zero emissions mode, making it an eco-friendly and sustainable choice for the modern yacht owner.

The yacht's internal areas exude a wonderful ambiance. The owner's suite is a real highlight, with its own private balcony and separate living room offering 50sqm of private lounge space. For your Captain, there's a cutting-edge wheelhouse and ergonomically positioned instruments and monitors around the helm.

The WIDER 135 features a beach club that opens up fully to create a 90m2 area at water level, with a centrally positioned infinity pool. The yacht offers exceptional entertainment and options for water toys, including two jet skis and a 5-metre tender that can be stowed in a protected area, along with a peaceful lounge area on the upper deck towards the bow, perfectly positioned to accommodate a jacuzzi if required.

The yacht's crew accommodation meets the latest Red Ensign Group standards, with three double cabins, a comfortable cabin for the captain, and a pleasant mess room. With two side platforms on the upper deck, crew members can move between the areas in the stern and in the bow without encroaching on the guests' privacy.

SPEEDBOATS • WILDER 60

Hit up to 40 knots in this exceptional speed boat designed with superyacht processes. It's a Wider Yacht, but not as you know it.

Introducing the WILder 60 - an all-aluminium chase boat that's perfect for those seeking the wild side of luxury. Handcrafted with artisanal excellence, this thrill-seeking machine is designed to provide the ultimate onboard experience. Built to ensure seaworthiness and high-speed fun in all conditions. Expect minimal noise and vibrations as you cruise through the open sea.

The design of the WILder 60 is infused with creativity from bow to stern, with its widened onboard space offering plenty of room for comfort and leisure, she combines the agility of a chase boat with the comfort of a performance cruiser, offering a unique experience that's truly outstanding.

Get ready for the wild side of luxury.

Discover more about Wider Yachts, the latest addition to the Argo Yachting new yachts portfolio online at: [www.argoyachting.com/new-yachts/wider](http://www.argoyachting.com/new-yachts/wider), or at the Southampton International Boat Show taking place 15th - 24th September, or email the Brand Sales Manager [alan.knight@argoyachting.com](mailto:alan.knight@argoyachting.com)

# ELEVATE YOUR YACHT'S ELEGANCE

Argo Yachting is excited to announce the opening of their new yacht upholstery workshop in Son Bugadellas, Mallorca.

Argo's skilled team of professionals bring years of experience in upholstery and is equipped with state-of-the-art machinery to update your yacht's furnishings, giving them a new lease of life and updating your interior design to your preference.

The workshop offers a wide range of premium materials, colours, and textures to choose from, ensuring that your yacht's furniture and soft furnishings reflects your style and personality. Whether you prefer classic, modern, or contemporary styles, their team can customise the upholstery to suit your taste and preferences. Each upholstery project is bespoke – personalised just for you.

Customers can benefit from a wide range of refreshed interior design work including carpets, cushions, covers, blinds, curtains, sofa upholstery, helm seats and repairs.

## UPHOLSTERY AND FURNITURE COVERS

Sun and saltwater can cause damage to your exterior upholstery or covers, making them look worn and faded over time. Repairing or replacing these covers can breathe new life into your yacht's interior and protect your furniture from further wear and tear.

Minor modifications can create a fabulous impact on your yacht's look and feel. Contact the upholstery team to find out what options are available to you, and how Argo can refresh your boat's interior to meet your design vision. Argo Yachting guarantee a high-quality service that will exceed your expectations with an in-house team of dedicated interior designers and craftspeople, along with a global network of premium material suppliers.

## YACHT CUSHIONS

Cushions are an affordable way to refresh your yacht's interior and protect your furniture from wear and tear. There are a wide range of premium fabrics, textures, and colours to choose from, so you can customise your cushions to match the style and personality of your boat, or mirror the interior design style of your home.

## CARPETS

Updating the carpets in your yacht gives it a fresh and modern look, while providing insulation, soundproofing and comfort. The Argo interiors workshop team can install new carpet and flooring throughout your boat, to your exact preference.

Explore your bespoke yacht interior design options online and call our dedicated team: [www.argoyachting.com/ownership/retrofit](http://www.argoyachting.com/ownership/retrofit)

# CHRIS-CRAFT

American heritage brand Chris-Craft is synonymous with style, good taste, superb design and the finest quality craftsmanship, all with a classical edge. Own the finest in marine craftsmanship, where every detail has been considered, and find out why Chris-Craft is renowned across the USA and indeed, across the world.

This iconic American boat brand, dating back to 1874, manufactures beautiful yachts in Sarasota, Florida that are instantly recognisable and available in the UK and Balearics through Argo Yachting.

Thanks to a unique distribution agreement, Chris-Craft UK & Balearics operates under the Argo Yachting umbrella, bringing the timeless beauty and exhilarating experience of these crafted boats to Europe's most exciting yachting destinations.

LAUNCH 35 GT

LAUNCH 25 GT

Designed as a sporty and luxurious bow rider, the Launch 25 GT is watersports friendly, quick, responsive and stunningly beautiful. Customization is endless, starting with your choice of sterndrive or outboard propulsion, as well as either a bimini, power folding, or hard top.

An ideal mid-size day boat for your family, she combines timeless Chris-Craft style with options on metallic paints and cross-stitched upholstery, enabling you to reflect your own personality and tastes. Providing generous seating for ten people, she incorporates comfortable cushioned benches and a relaxing rear-facing chaise lounge. Plus, the design features multiple cup holders and clever storage spots, housing fenders, a bathing ladder and an under-seat cooler.

LAUNCH 28 GT

The astonishing Launch 28 GT combines curved lines and terrific performance. Every detail was considered in the design of this new model and the result is a boat that features the latest technology and precise craftsmanship. From the varnished mahogany helm with a central command system for all electronics, to the perfectly designed cockpit that is shaded by an electric folding tower, this boat has it all. Explore the many unique features aboard this boat that can only be found on a Chris-Craft. The position of power - a wide captain's chair puts you in control behind gleaming gauges and a rich, mahogany steering wheel. The luxurious wave-pattern stitching is complemented by a thick stainless-steel bar. And a thigh bolster brings added height and visibility. She features a walk-through transom and reversible sun-pad which moves forward and back for flexible lounging,

or provides the option of additional seating when required. You can also choose to board the boat from the transom, dive door, or one of the three swim ladders offered on this new model.

Make the Launch 28 GT a reflection of your personal style through the choice of metallic paints and cross-stitched upholstery, including new coloured patterns exclusively crafted by Chris-Craft for this model.

The Chris-Craft Launch 28 GT is also available as a "Wake Surf Edition"; the perfect choice for water sports enthusiasts. This edition incorporates the reverse Volvo Drive and three ballast tanks, which drag the boat down into the water, in turn creating deep waves on which to surf.

## LAUNCH 31 GT

This model features a solid mahogany and stainless-steel accented helm and teak highlights throughout. Boarding is easy on the Launch 31 GT with a walk-through transom and side door access. Owners can choose to light up the boat with an integrated full spectrum lighting system that coordinates multiple zones of lighting both on board and below the water, all controlled via the Garmin glass cockpit display. One of the most defining features of the GT line is the option to choose between sterndrive or outboard propulsion, making it truly customisable to the owner's needs.

down to the mahogany and teak on the centre line. Altogether this makes the Launch 35 GT model a viable option for anyone in the market for a well-crafted day boat that delivers exceptional performance.

## LAUNCH 35 GT

Currently the largest of the Launch GT series, this model is the most innovative yet, boasting several cutting-edge features while maintaining the classic design and styling that make it uniquely Chris-Craft. Available with the option of either sterndrive or outboard propulsion, the Launch 35 GT can be customised to the owner's needs and wants. The owner also has the option of a painted hardtop with a SureShade that extends with the push of a button. With the option of boarding the boat through the dive-door or a walk-through transom, you'll find a large rear sun pad which are distinguishing features of the Launch GT line. Varnished mahogany can be found throughout the boat displaying Chris-Craft's strong devotion to craftsmanship. The Chris-Craft Launch 35 GT sports a stunning finish, involving a five-part paint process that requires meticulous preparation and skilful application. The result is a finish that appears deep and luxurious, from the aluminium hardtop

She features the ultimate in Chris-Craft technology and style, for a sophisticated adventurous yachting experience.

### SEAKEEPER RIDE – STANDARD WITH NEW CHRIS-CRAFT FROM ARGO YACHTING

'Throw everything you know about transom-mounted systems away. We drastically changed the boating industry once, and we're doing it again. Seakeeper Ride eliminates up to 70% of underway pitch and roll providing comfort, control, and confidence. It's intuitive. It's automatic. It's transformational. Just turn the key and get ready for the ride of your life.'

Eliminate underway roll – they've conquered the motion of the ocean. Seakeeper Ride can eliminate up to 70% of underway pitch and roll. Your guests (and your knees) will thank you.

Running angle perfection – the Trim Command Curve is something to get excited about. This handy preset automatically sets your boat to your optimal running angle at any given speed. What does that mean for you? The ideal trim, every time.

Auto levelling – Seakeeper Ride's automatic list control keeps the deck level regardless of uneven or moving weight distribution – no constant adjustments to combat list or heel. Think of it as your personal psychic, predicting motion and stopping it before it starts.

Turn of the century – automatically adjusts the heeling angle of your boat during turns for a more comfortable feeling and better performance.

Faster on to the plane – thanks to faster acceleration without losing sight of the horizon, enhancing performance and fuel efficiency.

Join Argo at the Southampton International Boat Show, 15th – 24th September to view the new Chris-Craft Launch 28 GT with her stunning black hull.

Discover more about Argo's Chris-Craft range online, available in the UK and the Balearics: [www.argoyachting.com/new-yachts/chris-craft](http://www.argoyachting.com/new-yachts/chris-craft)

# BOAT SHOW HIGHLIGHTS

Argo Yachting has enjoyed an incredibly successful boat show year across Europe with displays from Saxdor, Chris-Craft and Pardo, and more recently showcasing their newly acquired brands.

## Southampton International Boat Show 16 – 25 September 2022

This ever-growing UK show was heralded a great success boasting 685 stands and berths covering a 70,000m2 footprint. Over 650 craft were displayed including 300 on the water for 83,000 visitors to see. Argo Yachting's stand showcased the Chris-Craft Launch 28 GT with a fabulous blue hull and cream interior. The dedicated team were also on hand to discuss Italian Pardo Yachts and offer a fabulous collection of brokerage yachts across all well-known luxury brands.

## Boot Düsseldorf 21 – 29 January 2023

Europe's largest indoor show made an impressive comeback after a three-year pause due to the pandemic. Registering nearly 237,000 visitors from over 100 countries and more than 1,500 exhibitors from 68 nations on 220,000m<sup>2</sup> in 16 exhibition halls, Boot Düsseldorf reports back with impressive figures. Argo's brands on display included Pardo's new GT52 and 38 walk-around, the Chris-Craft Launch 25 GT and Launch 27 plus Saxdor's new 205, 270 GTO and the 320 GTO and GTC.

## Palma International Boat Show 27 – 30 April 2023

This year's show set in beautiful Mallorca brought together 271 participating companies, along with 250 boats on display and attracted 32,000 visitors. Argo Yachting were proud to display the Chris-Craft Launch 28 and 35 GT along with the Saxdor 200, 270 GTO and 320 GTO.

# BOAT SHOW CALENDAR 2023 - 2024

Join the Argo team and explore sensational yachts at the following boat shows across Europe. Dedicated teams from Argo Yachting will be delighted to welcome visitors on board a selection of boats from Chris-Craft, Saxdor, Pardo, Galeon, Greenline and Wider Yachts.

**British Motor Yacht Show**  
11 - 14 May 2023

Premiere Marina's Swanwick location on the stunning River Hamble stages this show that encapsulates the best of British Motor Yacht brands. Originally born of Princess, Sunseeker and Fairline, it now boasts more than 40 brands on display. Argo's brand-new office at the Saltings Sales Pavilion was the perfect backdrop for their incredible display alongside sister brand Princess Motor Yacht Sales. Argo displayed a new Chris-Craft Launch 28 GT with a striking black hull and worked alongside Saxdor's UK distribution partner displaying the 320 GTO and GTC.

**Hamburg Ancora Yacht Festival**  
12 - 14 May 2023

Germany's largest in-water boat show was set in the five-star Ancora Marina in Neustadt in Holstein on the picturesque Lübeck Bay. The Argo team based on the Baltic Coast of Germany hosted a fantastic display of Saxdor Yachts for sale including the 200 SPORT, 270 GTO and 320 GTC.

Southampton International Boat Show, UK 15 - 24 September 2023	Barcelona International Boat Show, Spain 11 - 15 October 2023	Boot Düsseldorf, Germany 20 - 28 January 2024	South Coast & Green Tech Boat Show, Southampton, UK 19 - 21 April 2024	Palma International Boat Show, Mallorca April 2024
Barclays Jersey Boat Show, Channel Islands May 2024	Hamburg Ancora Yacht Festival, Germany May/June 2024	British Motor Yacht Show, Swanwick, UK May 2024	Cannes Yachting Festival, September 2024	Southampton International Boat Show, UK September 2024

For the latest boat show dates and yacht line-ups follow Argo Yachting on social media or visit the events page on the website: [www.argoyachting.com/news](http://www.argoyachting.com/news) where you can also register your interest to attend.

# GREENLINE YACHTS JOIN THE ARGO PORTFOLIO

Argo Yachting is thrilled to partner with Greenline Yachts, the leading manufacturer of hybrid yachts, to further expand its presence in the Mediterranean.

Argo Yachting is thrilled to partner with Greenline Yachts, the leading manufacturer of hybrid yachts, to help expand its presence in the Mediterranean.

Under this new partnership, Argo Yachting will act as the official representative of Greenline Yachts in Spain, offering sales and after-sales support for the entire range of Greenline Yachts models.

Argo Yachting brings extensive experience in the yachting industry and has established itself as a leader in the Spanish market. Its team of experienced sales professionals and technicians will work closely with Greenline Yachts to provide customers with exceptional service and support.

"We are thrilled to partner with Greenline Yachts, a company that shares our values and commitment to sustainability," said Max Whale, CEO of Argo Yachting. "Their range of hybrid yachts is truly innovative, and we believe that they will be well-received in the Spanish market. We look forward to showcasing their models and working together to offer our customers a truly unique and environmentally-friendly yachting experience."

"We are excited to partner with Argo Yachting, a company with a deep knowledge of the local market in Spain and a commitment to providing its customers with the highest level of service," said Luca Raumland, Chief Sales & Marketing Officer at Greenline Yachts. "Together, we aim to offer Spanish boaters a sustainable and unique yachting experience with our industry-leading hybrid technology."

## ABOUT GREENLINE YACHTS

Greenline Yachts is Slovenia's largest yachting manufacturer and was founded in 2008. The company's vision is to continuously shape the future of responsible boating by being the most innovative and responsible boat brand in the world. They are also the only yacht brand to offer its entire range as H-Drive as well as full E-Drive.

The Greenline headquarters is based in the picturesque village of Begunje na Gorenjskem, in the heart of the Slovenian Alps. A worldwide leader in alternative propulsion motorboats and proudly European, Greenline Yachts is owned by SVP Yachts d.o.o., which employs more than 250 people.

This brand of sustainable yachts embracing hybrid propulsion, solar power, environmentally friendly interiors and manufacture processes, boasts a range of yachts from 39ft to 58ft.

Argo Yachting is delighted to present the 39, 40, 45 Coupe, 45 Fly, 45 Coupe, 48 Coupe, 48 Fly and 58 Fly.

### A CHOICE OF PROPULSION

Greenline Yachts offer the complete fleet with conventional, hybrid or electric drive. Currently, they still offer diesel engines but strive to use the most efficient ones that the market has to offer. Their aim is to provide the most responsible diesel boating solution available.

### HDRIVE TECHNOLOGY

Greenline site themselves as pioneers of hybrid propulsion in boats and have been using this technology since 2008. Years of experience in hybrid drivetrains has allowed them to perfect the system not only for the purposes of propulsion but also for maximum efficiency and comfort while living on board.

### EDRIVE TECHNOLOGY

We believe that electric propulsion is the future of responsible boating. This is why every model in the Greenline range is available with a fully electric drive system, which provides silent, emission free propulsion and integrated energy management to run the boat's domestic supply.

### SOLAR ENERGY

Solar Benefits with Hybrid. Greenline's aim is to provide comfort on board like no other. With a bank of solar panels you can use all of the boat's appliances, whether cruising or at rest, without having to fire up a generator or connect to shore power. This means there is no noise, no vibrations, no emissions and you won't disturb your neighbours when the boat is at anchor. By utilising high performance LiPo batteries, even high load appliances like air-conditioning can run in silence.

### SOLAR BENEFITS WITH NON-HYBRID

Even without the hybrid drive system, there are huge benefits from Greenline's standard fit solar panels. The panels are constantly creating sustainable energy and feeding the domestic battery bank so onboard lighting and refrigeration, for example, can be run silently without having to rely on a diesel generator. This harnessing of solar power brings both peace of mind and a responsible way to create energy on board.

For further information, visit the website to view the range of Greenline Yachts available in Spain with Argo Yachting;  
[www.argoyachting.com/new-yachts/greenline](http://www.argoyachting.com/new-yachts/greenline)

# YOUR BESPOKE YACHT: UPGRADE AND RETROFIT

An enjoyable yacht ownership experience is about much more than just the purchase of your yacht. Whether you invest in a day boat, a sports cruiser, a motor yacht or a superyacht, keeping your boat attuned to your tastes and primed to perform can sometimes involve upgrade and retrofit works – and that in itself can be a very satisfying process.

For instance, you might want to think about upgrading your watersports gear or your toys and tenders. You might want to revamp your interior design in line with the latest fabrics, colours and trends. If you're the kind of boater who likes to stay abreast of developing marine technologies, you might also want to think about upgrading your security systems, your navigation suite or your audio-visual systems.

Or you might want to look into upgrading your propulsion or stabilisation gear for improved pace, range or cruising comfort.

That said, some yacht owners like to commission retrofit projects simply because they value a boat that feels more personal, unique and bespoke. Argo Yachting understand all of these motivations and exactly how to cater for each. That's why they have an entire department dedicated exclusively to retrofit. Whether it's a sailing yacht or a motor yacht, and whether it involves the interior, the exterior or the engineering spaces, they work with some of the finest brands in the world to deliver perfectly executed upgrades you can be proud of.

## YACHT RETROFIT: UPGRADE YOUR TOYS

As your cruising regions expand, your hobbies evolve and your kids get older, you need to make sure your toys and tenders keep up. Argo Yachting works in close collaboration with Radinn jetboards, the creator of the world's number one motorised electric surfboard. Its range of boards encompass everything from novice-friendly models to expert-level units, with plenty of upgrade features keeping you entertained as you learn. They can also help you upgrade your yacht with bespoke RIBs, tenders and personal watercraft. And if you prefer low-key watersports, they can source the perfect Seabob, stand-up paddleboard or kayak – ideal for sensitive cruising regions where towboats and jetskis are prohibited.

## YACHT RETROFIT: KEEP IT CLEAN

As an authorised ElectroSea dealer in the UK, Southern Spain and Mallorca, Argo Yachting can provide expert advice, installation and maintenance for the acclaimed CLEARLINE system. Designed to prevent barnacles, biofilm, algae and marine growth from clogging your raw water lines and strainers, there are five models available. That means you can enjoy the benefits of ElectroSea's expertise, whatever size of yacht you happen to own.

## YACHT RETROFIT: OPTIMISE YOUR CRUISE

If you want to improve your yacht's cruising convenience and comfort, there are hundreds of ways of doing so. Argo Yachting can supply and install bespoke water making systems from Sea Recovery. They can supply and install drinking water filtration, noise insulation, anti-vibration and exhaust systems from Halyard. They can create fresh upholstery inside and out, plus tailor-made biminis, sunshades, sunbeds and seating. Keep comfy with air conditioning systems and under-floor heating, as well as cutting-edge stabilisation systems from industry-leading experts like Humphree and Quick Gyro. And Argo can prep your yacht with all kinds of practical safety and security devices like life rafts, docking cameras, bow and stern thrusters and anchor upgrades, as well as multi-function displays, sonar, MET instrumentation and AIS systems. In short whatever your size of yacht, your cruising grounds and your preferred onboard activities, they have the skills and suppliers to meet your requirements.

## YACHT RETROFIT: UPGRADE YOUR ENTERTAINMENT

Retrofit upgrades are not just about seamanship practicalities. They're about luxuries too. In addition to fitting bespoke audio-visual systems and integrated TVs, Argo can add elegance to your yacht with the latest smart lighting set-ups. These can include everything from underwater, accent, deck and mood lights to docking lights, remote-access lighting and cool backlit signs. If you want to put entertainment right at the heart of your yacht, they can also create a state-of-the-art galley, specifically tailored to your boat, with a whole range of high-end accessories including fridges, wine coolers, icemakers and instant-boil taps.

## YACHT RETROFIT: FINE-TUNE YOUR LIVING SPACES

Have you ever thought about giving your yacht a fresh lease of life with an interior design overhaul – a new galley or en suite or simply soft furnishings? Some may like new tailor-made upholstery. Others may want to go further with new seats, sunbeds, carpets, tableware and bedding. But of course, one of the key ingredients of any effective onboard living space is clean, safe and plentiful energy. That's why they're so keenly geared up to revamp your yacht's onboard electrical systems with battery upgrades, generators and inverters, as well as sophisticated monitoring equipment and additional sockets to cater for all the appliances you might need on a cruise.

## WHY PICK ARGO FOR YOUR YACHT UPGRADES?

Argo Yachting has a dedicated team of in-house engineers, carpenters, technicians and craftsmen, backed up by cutting-edge facilities in Plymouth, Southampton and Mallorca. With each project undertaken, they are able to leverage a global network of premium suppliers and to provide welcome reassurance to yacht owners, thanks to their proven servicing and support network. If you have an idea for a yacht upgrade or you want to discuss how to devise a retrofit project that brings you the best possible yachting enjoyment, there is no better place to start than Argo Yachting.

Find out more about Argo Yachting's retrofit service online and register your interest with the dedicated team: [www.argoyachting.com/ownership/retrofit](http://www.argoyachting.com/ownership/retrofit)

# PARDO X MISSONI

PARDO YACHTS ANNOUNCE THEIR  
FIRST MISSONI COLLABORATION

The best of international motor boating and high fashion come together in the latest version of the Pardo 50, with interior design enhanced by iconic Missoni fabrics. Two pioneering brands 'Made in Italy'; the historic Milanese maison founded by Ottavio Missoni in 1953 and Cantiere del Pardo – the shipyard with artisanal and industrial roots dating back to 1973.

Iconic and timeless design, high-quality materials and the allure of contemporary luxury perfectly complement the first Pardo 50 customised by Missoni. Heigo Paartalu, brand ambassador of Pardo Yachts, explains the creative process behind the realization of such a unique project in the world of boating.

## WHY DID YOU CHOOSE MISSONI FOR THIS PROJECT AND WHERE DID YOU DRAW INSPIRATION FROM?

'We were lucky enough to commission three Pardo Yachts. Over the years, each "PEGASUS" has become the pinnacle of Pardo 50's customisation, but raising the bar is always a fun challenge, forcing us to look beyond the common accessories available in the datasheets for customisation. Every time we go out to sea, I notice how my wife gets ready for the day out, matching her clothes with the colours of the boat. The yacht almost becomes her own high fashion catwalk. Boating has always been a man's world and, this time, I wanted it to become a hymn to beauty, going beyond the abundance of custom accessories (which this boat already features). I asked my wife which fashion brand she wanted to collaborate with for our next Pegasus. The answer was immediate: "Missoni". It's no surprise as her wardrobe is packed with Missoni's famous zigzag patterns. It immediately made sense to bring together these two iconic Italian brands with huge worldwide reputation.'

## WHAT WAS THE CREATIVE PROCESS AND HOW DID YOU WORK WITH MISSONI TO REALISE IT?

'With the precious help of interior designer Cristina Pizzuto, who made the union between Pardo Yachts and Missoni possible, we were introduced to Missoni's headquarters in Milan. There, we were able to browse and choose patterns and materials for our boat: an incredible experience with the purpose of creating something worthy of Haute Couture. Sitting in Missoni's studio and feeling like Anna Wintour, I realised how these two leading Italian brands would be an amazing match. Despite coming from such different industries, they would create more than just a boat: a real icon of fashion and style on the water.'

## CRISTINA, WHAT ARE YOUR THOUGHTS NOW THAT THE PROJECT HAS BEEN COMPLETED?

'Partnering with Missoni for this project was the request of a visionary customer in search of something unique and exclusive. The elegant, clean lines of Pardo are broken by the movement of the iconic, colourful Missoni pattern creating a perfectly balanced combination. Two Italian brands synonymous with excellence with different styles but perfectly compatible.'

## HOW DO YOU FEEL NOW THAT THE PARDO 50 MISSONI HAS FINALLY BEEN PRESENTED TO THE PUBLIC?

Cristina: 'I believe PEGASUS 3.0 represents the perfect combination of modernity, taste, functionality and durability, not only for the quality of the materials used, but for the timelessness of its style as well. These boats often reflect the essence of their owners and are kept for years if not decades.'

Heigo: 'Seeing the realisation of PEGASUS 3.0 at Cantiere del Pardo in Italy was pure magic. What began as a bunch of ideas in the design document slowly became reality through small coloured fabric samples pieced together and assembled by the team of highly qualified manufacturers. Whenever we commission a new Pardo Yacht "PEGASUS", we never know what impact it will have on the industry and on the public. Hearing from so many people around the world about how this boat inspired them to choose a Pardo Yacht is incredible and motivates us to go further and further. We are extremely grateful to all those who made this project possible: thanks to Cantiere del Pardo for allowing us to go beyond the common standards and to the whole team for turning the Pardo 50 Missoni into reality. Special thanks to Missoni for embarking on this adventure with us, bringing fashion to every bay and marina in Miami.'

## ANNOUNCING THE ALL-NEW PARDO YACHTS ENDURANCE 72

More volume and comfort on board are promised with the E72 walk-around throughout the spacious and sociable layout of the yacht. Thanks to the fold-down side terraces and aft platform, one can create a generous chill-out area of over 40m<sup>2</sup> overlooking the water. Additionally, there is a garage with a hydraulic opening capable of accommodating a tender up to 4m in length. The flybridge, with 27m<sup>2</sup> of entertaining deck space, introduces a new exclusive feature in the range – a T-top with adjustable slats that offers shade and protection over part of the flybridge. It's an extremely lightweight and low-profile superstructure.

In terms of efficiency, the Endurance 72 introduces new eco-friendly performance – maximum speed with minimal fuel consumption.

## PARDO YACHTS UNVEILS PLANS FOR THE NEW PARDO GT75

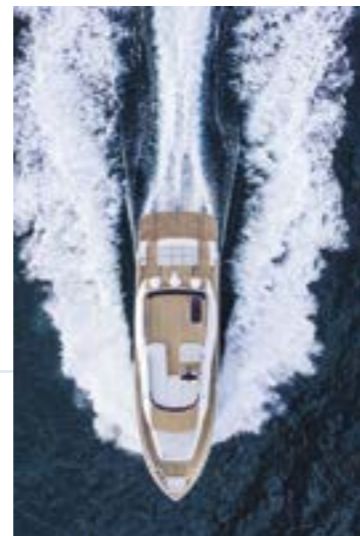

The new flagship of the Pardo Yachts fleet is positioned between the Walkaround and Endurance ranges, where the focus on extremely comfortable interior volumes goes hand in hand with the hull lines typical of a high-performance 75-footer. The luxurious and elegant character of the interior will be the perfect setting for the owner who wants to experience their boat as a villa on the sea: spaces and volumes perfectly designed to optimise each corner of the boat, from the living area to the accommodation spaces. And as for the exterior; large sundecks and lounge areas aft and foreword will be the perfect terraces to enjoy a wonderful vista of the sea.

Find out more about Pardo Yachts available in the UK and Northern Germany with Argo Yachting: [www.argoyachting.com/new-yachts/pardo](http://www.argoyachting.com/new-yachts/pardo)

# PARDO YACHTS AVAILABLE WITH ARGO YACHTING THIS YEAR

Having been recently appointed the official distributor of Pardo Yachts in the UK and northern Germany, Argo Yachting is delighted to receive delivery of a new Pardo Endurance 60 and Pardo 43 this autumn 2023.

## PARDO E60

Elegance, spaciousness, and performance. These are the hallmarks that define Italian yachting brand Pardo. With more than 50 years producing yachts of handcrafted perfection, this innovative range of walkaround yachts from 38ft to 75ft radiate power, elegance and comfort.

**Pardo E60 – Long Range Navigation in Style**  
The revolutionary Pardo Endurance 60 redefines long distance navigation. With low fuel consumption, speed calibration, and quiet cruising, the result is a yacht that can be enjoyed for long periods with maximum comfort. Large opening windows and two collapsible side terraces, means there is continuity between inside and out, while giving an open-air feel to life on board.

Typical of Pardo, the interior design of the Endurance 60 is modern, fresh and bright, combining white lacquered surfaces with blond teak. And you can make the Endurance 60 your own by choosing from a wide variety of materials, fabrics and colours. Every piece of furniture is made in-house by Cantieri del Pardo's skilled carpenters, while the modern styling and timeless elegance has been designed by expert craftsmen without sacrificing either functionality or safety. Argo's in-house Pardo Yachts expert, James Lane, says

'They have kept her fairly simple in terms of styling and the old adage "less is more" certainly applies on the E60 and throughout all Pardo model styling lines. The open flybridge and large sunbathing zone creates a truly zen zone for soaking up the sun.'

The eye-popping folding down backrest generating more deck and standing room whilst underway is the immediate headline grabber. Her large cockpit made even wider by way of folding bulwarks creating 180sq. ft of space – provides an inviting and spacious entertaining area in combination with a folding sun pad area.

Her hydraulic swim platform is pretty much the norm on all luxury sports yachts, however, the fold down sides look rather impressive yet are incredibly functional.

Amidships there's a covered deck house that supports the galley on both sides for easy entertaining in both the cockpit and the saloon. And there's a seamless flow between the interior and exterior, thanks to the large opening windows and the two collapsible side terraces, which provides an open-air life on board. There are two potential layouts, both with 3 cabins and 3 heads. The first layout option features the owner's cabin amidships and a queen-sized berth in the forward VIP guest cabin.

'The Pardo Endurance 60 is here to offer year-round cruising comfort in effortless Italian style. It is a boat with immediate presence thanks to the reverse sheer bow – a trait shared with its smaller siblings – and the striking forward rake on the windscreen', says Jack Haines for Motor Boat & Yachting.

He continues, 'Cleverly, despite having a fully enclosed wheelhouse and a flybridge which can be specced as just a sunbathing space or more usefully with a second helm station, it still has a walkaround deck with tall bulwarks that negate the need for guardrails. Enclosed the saloon may be but with balconies on either side of a cockpit with a retractable sun shade above and drop-down windows on either side of the aft-positioned galley, the Pardo Endurance 60 unfurls to become a tasty place to relax once the anchor is deployed and the engines silenced.'

Interior accommodation comprises three beautifully appointed cabins with three bathrooms, to host family and friends, plus an additional crew cabin.

Experience great cruising speed in unquestionable comfort with a sense of security thanks to the cutting bow profile, married with long-distance, performance-oriented design without sacrifice.

Quotes courtesy of Motor Boat & Yachting [www.mby.com/news/pardo-60-endurance-new-model-italian-yard-109542](http://www.mby.com/news/pardo-60-endurance-new-model-italian-yard-109542)

The open space consists of two large cabins; the owner's cabin at the bow which includes a generous bed, ample storage, large closets and plenty of natural light. Aft, a wide storage area can be turned into a second cabin with two twin beds, closets and further storage

She is available as a one or two-cabin yacht, and it depends on whether you want the middle section of the hull under the cockpit to be fitted out for storage or single berths. Berths are a generous size at 6ft 3in and good space to sit up in bed.

The light and airy interior is completely open plan and features small opening portholes along the sides and glazed overhead panels. In terms of interior design and soft furnishings you'll discover stitched leather trims and a choice of six wood finishes including oak veneers. You can really make your boat your own with a dozen hull colours and 13 fabrics for the sunpad upholstery and many different teak decking finishes.

Alan Harper joined Pardo at the Cannes Yachting Festival for Motor Boat & Yachting. He says 'As we put the Pardo through its paces, trying and failing to establish the limits of its handling envelope, top speed felt less important than the sheer pleasure of driving a thoroughbred. Power, hull form and the interface between driver and machinery felt perfectly matched. Grip in tight turns was tenacious. Flat out, it inspired utter confidence. Head seas – mainly the quite steep and challenging wakes of larger boats – it hardly noticed, slicing through them with unruffled ease.'

Quotes courtesy of Motor Boat & Yachting [www.mby.com/motor-boat-news-boat-reviews-pictures-and-videos/boat-test-pardo-43-93109](http://www.mby.com/motor-boat-news-boat-reviews-pictures-and-videos/boat-test-pardo-43-93109)

## PARDO 43

### STYLE MEETS PERFORMANCE.

The Pardo 43 is designed for the discerning owner who appreciates quality, design, and comfort. Thanks to its unique hull shape and exceptional engineering, the Pardo 43 is also renowned for both outstanding performance and speed on the water.

The V-hull has a 16° deadrise angle at the transom and more than 50° at the bow, which ensures greater stability in all sea conditions as well as easy manoeuvrability and faster planing. Its large hull volume and ample headroom mean that the interior is warm, welcoming and spacious.

Join Argo Yachting at Southampton International Boat Show, 15th – 24th September to view the Pardo 43 and E60.

Find out more about Argo Yachting's Pardo Yachts online at: [www.argoyachting.com/new-yachts/pardo](http://www.argoyachting.com/new-yachts/pardo) or email [sales@argopardo.com](mailto:sales@argopardo.com) or call +44 (0)1489 885656.

# CRUISING SPOTLIGHT: SOUTHAMPTON

With established offices throughout Europe, Argo Yachting has direct access to some of the world's most seductive boating destinations. But if you want to enjoy a range of first-class cruising opportunities right here in Britain, the English south coast is a very exciting place to be.

## SOUTHAMPTON: INSPIRING AND HISTORIC

Southampton is a commercial port city with a thriving university and renowned marine industry as well as being a popular sailing area. The Titanic set sail from the harbour in 1912 and you can see an interactive model of the famous cruise ship at the SeaCity Museum. If you want to put yourself among the throng of England's historic yachting scene, with a brilliant mix of nautical towns, world-class regattas and charming rural hideaways, the Solent is tough to beat.

**Charles Wilkinson**, Sales Broker at Argo Yachting in Southampton, said: 'Where we're based, at the top of the Hamble River, there's a really idyllic village vibe. There are lots of marinas and some great pubs, as well as easy access to the Solent via Southampton Water. From there, you've got the Isle of Wight, where places like Cowes and Yarmouth give it a lovely 'English Riviera' feeling. And to the east there's Portsmouth and Chichester and to the west there's Lymington and Poole, so you have plenty of cruising options, all within an hour or two. The beautiful Beaulieu River is charming for a relaxing cruise and home to the Beaulieu National Motor Museum and the Abbey.'

**Best anchorage:** Newtown Creek, Isle of Wight, is lovely. It's just around the corner from 'The Hut' at Colwell Bay, that ferries picnic hampers out to you in a little speedboat.

**Best marina:** Ocean Village Marina by MDL Marinas, has a prime location nestled within the heart of Southampton surrounded by a plethora of bars, restaurants, shops and a cinema creating a bustling vibe. Formerly a basin for commercial ships, it is deep enough to accommodate large yachts. And for an additional indulgent experience, it's also home to the 5-star luxury Harbour Hotel offering a roof top restaurant with panoramic views and a stunning spa.

**Best overnight stop:** Lymington always delivers. Steeped in sailing history, this quaint Georgian market town is set in the New Forest district of Hampshire. There are 2 large marinas and sailing clubs as well as chocolate-box cottages and boutique shops, cafes and pubs along winding cobbled streets.

**Best waterfront pub:** The Jolly Sailor, near the office in Bursledon, is fantastic. Dating back to 1751 with exposed brickwork and beams, it is set right on the pretty Hamble River with a pontoon.

**Best maritime event:** The Southampton International Boat Show is superb, as is the British Motor Yacht Show in Swanwick. But Cowes Week is just massive. Even if you're not a sailor, its festival atmosphere is amazing. Established in 1826, it's a key British sporting event that spans 7 days and hosts a wide programme of sail racing events and shoreside entertainment.

**Best beaches:** West Wittering is a naturally beautiful sandy beach with a grassy area for picnics enjoying wonderful views of Chichester Harbour. While to the west the well-renowned Sandbanks Beach has powder white sand backed by a promenade and unique Grand Designs-style houses.

# GALEON YACHTS

## JOIN THE ARGO YACHTING PORTFOLIO

ARGO YACHTING IS DELIGHTED TO ANNOUNCE A NEW PARTNERSHIP WITH GALEON YACHTS AS OFFICIAL DISTRIBUTOR FOR THE UK, PORTUGAL, THE BALEARICS AND THE GERMAN BALTIC COAST.

Argo Yachting is delighted to announce a new partnership with Galeon Yachts as official distributor for the UK, Portugal, the Balearics and the German Baltic Coast.

With over 40 years of experience in creating luxury yachts and motor boats, Galeon is a renowned Polish boat maker that has produced a range of innovative and spacious vessels, with the help of yacht designers Tony Castro and Roberto Curtò, that feature modern designs, lifestyle options and unique features.

Galeon benefits from a large range of yachts for every level of ownership, from those looking for day boats, weekend cruisers to larger and longer stays on the water. Each model comes with features designed to increase your enjoyment, whether it is comfortable cabins below deck, sundecks and space on main deck, or even extra protection from the sun and challenging weather, there is a Galeon for every owner. You'll fall in love with the sleek and sporty design that Galeon is renowned for, and find features to enhance your experience that come as standard, from Beach Mode, which extends your usable space for passengers on the main deck, to modern navigation technology, ensuring that your cruising is as easy and efficient as possible.

### THE GALEON YACHTS RANGE

Galeon Yachts are renowned for their expert design and attention to detail. Having won numerous awards over the years, and partnering with some of the biggest names in yacht design, each Galeon is filled with innovative features designed to make your days cruising more enjoyable, safe and comfortable. All this, in luxury surroundings that are finished to the highest quality.

#### FLYBRIDGE

Beautifully designed and generously spaced on all three decks

#### SPORTS CRUISER

Great performance and design combined with an open cockpit

#### HARDTOP

Dynamic exterior lines with a bright spacious saloon

#### SKYDECK

The perfect combination of practicality and style

## GALEON 405 HTS

The new 13.5 meter, hardtop yacht designed by Tony Castro Yacht Design has been created and built to be a perfect day cruiser for sport enthusiasts. Her exterior styling and interior arrangement stay true to the Galeon's classic profile with a modern twist. The yacht's interior has been designed to be bright and welcoming with great functionality and a well-balanced layout. Materials include carefully selected veneers, Corian surfaces, high quality fabrics and matte or mirror-gloss finish wood.

Large windows add natural light to the saloon, galley and guest cabins. A vast saloon on the main deck with a starboard cocktail bar is sure to become a popular gathering area for family and friends. The helm benefits from large windows and a single pane windshield that provides 360° panoramic views. Accommodation on the lower deck features a galley and two cabins with separate bathrooms, to ensure comfort and privacy for guests. The owner's suite is located amidships and occupies the entire width of the yacht allowing for an incredible sense of space and useful storage space.

## GALEON 425 HTS

The 425 HTS follows the express cruiser concept of the Galeon 485 where the main deck is a dry area protected from the noise and elements by a glass door and window combo. This enclosed sociable space benefits from heating and air conditioning, a welcome feature in most climates.

Sleek lines and an unmistakable profile effortlessly blend with functionality and comfort that always take precedence. Features like wide side decks for easy bow access in all weather conditions and a garage to house an inflatable tender are sure to impress.

## GALEON YACHTS COMING TO ARGO YACHTING SOON...

## GALEON 560 FLYBRIDGE

The 560 FLY bridges the gap in Galeon's portfolio between the award-winning 500 series and the highly innovative 640 and 650 models. The long-awaited premiere is expected to directly address the needs of customers who appreciated the technical prowess of the 500 FLY yet desire more space on board and the bespoke luxury of the 640/650 models while still maintaining a manageable size.

The exterior is characterised by fantastic space on both decks and a plethora of windows that promise a well-lit interior. On the flybridge deck, guests will find two U-shaped, opposite facing relaxation and dining areas or you can combine them together for a perfect alfresco dining experience. Forward, there's a seating area and the upper helm station plus a wet bar and grill. The large canopy area provides shaded sociable space and can be occupied by two free-standing sun loungers. This space offers flexibility for respite during the day and entertaining guests in the evening.

## GALEON 510 SKY

## GALEON 440 FLYBRIDGE

The sleek exterior marks another fantastic collaboration with the esteemed Tony Castro Design Studio and is quickly recognisable as it follows the trends set by the fourth generation of Galeon yachts. A unique combination of a dynamic silhouette with sporty accents throughout is complimented by the large windows on both decks that light up the interior. A clear focus was placed upon practicality and versatility of all outside areas during the design process to provide maximum comfort to guests.

The flybridge deck features a helm station with L-shaped companion seating, while the large L-shaped sofa aft wraps around the elongated table and seats six. The flybridge also features a wet bar so you can have cool refreshments on hand. The main deck features two separate lounge areas with the bow easily accessible by the starboard sliding doors next to the helm. Guests can choose to extend the foldable bimini and front facing seat for extra protection from the elements.

The Skydeck model is a natural evolution of the award-winning 500 Fly. Sharing the hull design and all the great features that made the 500 so popular, it takes it a step further with its innovative top deck design. The ability to combine the advantages of the classic flybridge and the distinct, sporty look of the hardtop is unique to the Galeon Skydeck range, and earned this model a 2016 World Yacht Trophy award for Innovative Design at the Cannes Yachting Festival.

The 510 is fitted with a spectacular glass sunroof over the helm station as well as a top deck with sundecks and additional helm that can be covered with a soft roof when necessary. Three cockpit layouts are available; a full-sized garage with a sun pad on top, a classic L-shaped sofa and crew cabin setup or the innovative roto-seat option that includes a compact garage. All options allow for the outstanding Beach Mode to be fitted, extending the cockpit width to an incredible six meters.

Join Argo at the Southampton International Boat Show, 15-24 September to take a look at the Galeon Yachts line-up including the 425 HTS, 440 Fly and 510 Sky.

Galeon Yachts will also be on display at boot Düsseldorf, 20-28 January 2024 with several boats on display including the 640 Fly and 560 Fly. Follow Argo Yachting on social media for boat show updates.

Find out more about Argo Yachting's Galeon Yachts range online: [www.argoyachting.com/new-yachts/galeon](http://www.argoyachting.com/new-yachts/galeon)

THE SEA WILL NEVER BE THE SAME  
#moreonboard

**COMPACT AND POWERFUL**  
THE BEST SIZE RATIO ON THE MARKET

**SUPER FAST SPOOL UP**  
READY TO USE

**AIR COOLED**  
NO SEAWATER, NO RUST, NO ZINCS

**ABSOLUTELY SILENT**  
ENJOY THE SEA

**LOW MAINTENANCE**  
REDUCED COST OF OWNERSHIP

MC<sup>2</sup> Quick Gyro stabilizer can reduce the boat roll up to 95%. As result of great experience, research and technological innovation, it is equipped with a mass revolving around a horizontal axis. This solution results in lower mechanical stress, less friction and therefore lower heat output.

[WWW.ARGoyACHTING.COM/OWNERSHIP/RETROFIT/QUICK-GYRO-STABILISERS](http://WWW.ARGoyACHTING.COM/OWNERSHIP/RETROFIT/QUICK-GYRO-STABILISERS)

# The difference at sea

## Humphree stabilisation systems

With Humphree stabilisation everyone on board will feel as safe and steady as on dry land. Electric fin stabilisers lowers roll and slamming by up to 80% both at anchor and when cruising. And it feels like even more. Interceptor trim tabs are used to reduce resistance meaning higher speed, lower fuel consumption and less CO<sup>2</sup> emissions. On top of automatic trim and list, Humphree interceptors also stabilise the boat when cruising. Use our interceptors and fin stabilisers separately or integrated as a package. Love the sea and help our planet.

ELECTRIC FIN STABILISERS AVAILABLE FOR ALL BOATS AND YACHTS, 45 - 170 FEET.  
INTERCEPTORS AVAILABLE FOR 25 FEET BOATS TO LARGE YACHTS.

### ADVANTAGES INTERCEPTORS

- Automatic trim, list and turn control
- Increases stability at sea by up to 50%
- Lowers fuel consumption up to 20%
- Eco-friendly lowered CO<sup>2</sup> emissions
- Replacing traditional trim tabs
- Easy to install, unmatched performance

### ADVANTAGES FIN STABILISERS

- Stabilisation at anchor and during cruising
- No anchor walking - 360° rotation
- Can be used without a running genset
- Minimum energy consumption
- Lightweight & compact size

### SUMMARY COMBINATION

- Roll stabilisation at all speeds
- Pitch stabilisation when cruising
- One system - one supplier

[WWW.ARGoyACHTING.COM/OWNERSHIP/RETROFIT/HUMPHREE-STABILISATION](http://WWW.ARGoyACHTING.COM/OWNERSHIP/RETROFIT/HUMPHREE-STABILISATION)

# SAXDOR YACHTS

Explore the Saxdor 320 Series

## Saxdor 320 GTO

THE SHOW STOPPER -  
A TRUE GLOBE-TROTTER

Saxdor's 320 GTO is a combination of Italian design, American functionality, German quality, and French pricing. The GTO comes with a T-top and walk-around deck. All three versions (GTO, GTC and GT) share exquisite design, fast, powerful outboard performance, and a refined, economical hull shape.

Impressive performance - maximum power comes from twin 300hp Mercurys while the single V8 engine with 300hp provides a 40-knot top speed with cruising speed close to 30 knots. With twin 300hp outboards, Saxdor 320 will achieve a top speed of well over 50 knots with an optimum cruising band between 20 and 40 knots.

Verstile weekender - The 320 GTO is both modern and sporty, but has a high level of comfort. Its performance hull is seaworthy, safe and easy to drive. The most notable feature is the versatility of the cockpit. Below decks it's clear that the 320 GTO should be comfortable in a role as weekender, not just a fast, handsome dayboat.

Fun under sun - With an extended sunpad on the foredeck and a dinette that converts into a sun-bathing space the options for relaxing are plentiful. With the flip of a backrest the opposed seating can become forward-facing benches for guests to use, when the boat is flying along at a potential cruising speed of 40 knots with the larger twin engines.

THE TERRACE - She's all about having fun and the sundeck is your ultimate location on the boat to socialise and enjoy the fresh sea air and soak up the sun.

SPACIOUS FORWARD CABIN - The lower deck is bursting with natural light thanks to the two big Lewmar hatches in the cabin roof.

CONVENIENT WETBAR - The wetbar is located right in the middle and is the centre of the party.

### SPECIFICATION

Length (excl. engine): 10.28 m  
Beam: 3.10 m  
Draft: 0.94 m  
Passengers: B: 6 / C: 9  
Classification: B Offshore / C Coastal  
Berths: 2  
Fuel tank: 428 l  
Water tank: 117 l  
Outboard engines: 300 hp - 600 hp  
Cruising speed: 32 - 45 kts  
Construction: Vacuum infused GRP  
Hull design: Twin-stepped V20° Hull

## Saxdor 320 GTC

THE ALL-WEATHER MACHINE

The Saxdor 320 GTC drives like no other because of its refined, economic and performance-oriented hull design. A low centre of gravity, low weight, sharp entry, and a twin stepped hull create a unique driving experience in all kinds of seas and weathers across the world featuring a closed main saloon and helm.

TOP PERFORMER - The Saxdor 320 GTC comes with three Mercury engine options, in the range of 300 hp to 600 hp. You can either choose the one-engine option with a competitive price and low fuel consumption and keep a comfortable driving experience, or you can choose the twin-engine option 2 x 225 hp or 2 x 300 hp - the Grand Tourismos of the seas.

FREEDOM TO MOVE - She changes the game of movement on board. With a unique concept of a full beam spacious wheelhouse with easy access to the walk-around bow, movement onboard has never been this easy.

SPACIOUS WHEELHOUSE - With a large and spacious wheelhouse people can easily walk through the wide corridor while you can prepare delicious refreshments for your family and friends at the same time. The wheelhouse can be sound-proofed with a floating floor, especially developed for the Saxdor 320 GTC model.

This is the perfect model for protection from the elements no matter the season or climate and there is still ample exterior space to enjoy. And dinner is served from a generous wetbar in the heart of the cabin.

### SPECIFICATION

Length (excl. engine): 10.28 m  
Beam: 3.10 m  
Draft: 0.94 m  
Passengers: B: 6 / C: 9  
Classification: B Offshore / C Coastal  
Fuel tank: 428 l  
Water tank: 117 l

Hull design: Twin-stepped V20° Hull

## Saxdor 320 GT

THE SKY IS THE LIMIT

Saxdor's 320 GT drives like no other because of its refined, economic and performance-oriented hull design. The GT is simply the GTO without a roof. A low centre of gravity, low weight, sharp entry, and a twin stepped hull create a unique driving experience in all kinds of seas and weathers across the world.

Top performer - The Saxdor 320 GT comes with three Mercury engine options, in the range of 300 hp to 600 hp. You can either choose the one-engine option with a competitive price and low fuel consumption and keep a comfortable driving experience, or you can choose the twin-engine option 2 x 225 hp or 2 x 300 hp.

**FREEDOM TO MOVE** – With its unique concept of a full beam spacious wheelhouse and easy access to the walk-around bow, movement onboard has never been this easy. Saxdor believes in the luxury of space.

**OUTSIDE 24/7** – this model is ideal for those who love to spend as much time as possible outside under the sun, and yet still escape to the sanctuary of a roomy cabin when needed. The open decks offer endless space for entertainment and fun.

**QUALITY IN EVERY DETAIL** – Exquisite finishes and interior designs are brought to life with beautiful colour combinations.

 Cruising speed: 32 - 45 kts  
 Construction: Vacuum infused GRP  
 Hull design: Twin-stepped V20° Hull

### THE SAXDOR 270 GT GOES ROOFLESS Saxdor launches 270 GT to match high market demand

With a trend towards larger open boats, Saxdor wanted to respond to it. After successfully launching two open models, the 200 and 205, it's time to expand the range with the 270 GT. Saxdor had recognised a gap in the market for larger open boats of 25ft plus. "Without the roof, the 270 GT simply competes in a different category compared to the GTO model we already have", states Daniel Scharf, Commercial Director of Saxdor.

The GT is a great addition to the Saxdor range, especially in climates where there is no need for protection against harsh weather conditions or unbearable sun.

### SAXDOR 205 The Saxdor Yachts 205 – the new explorer launched at Boot Düsseldorf 2023

Playful like its older sibling, the 205 is also more suitable for family use thanks to its great layout and options. An exhilarating day cruiser for an active lifestyle, the Saxdor 205 is perfect for exploring.

Certified for up to seven persons onboard, the Saxdor 205 offers a choice of layout solutions and a new approach towards spacious design onboard. Choose from the 'jockey'

seating layout that includes 6 individual seats, or the 'side-by-side' layout consisting of 2 sofa style seats. The two helm seats swivel around to face the passenger seats at a fold-out table –perfect for al fresco dining. Features onboard the traditional one-level walkaround deck include a foldable windshield, optional transom gates and extra storage space under the new console compartment that can be fitted-out as an optional toilet.

The helm console offers a futuristic look with backlit stainless-steel switches and optional single or dual 9-inch Simrad touchscreen MFD (multifunction display). With this state-of-the-art user interface, one can access navigation, audio equipment, or engine information in one place. Engine options include a single outboard 100hp engine with a top speed of 34 knots, or a Mercury 175hp V6 engine that can reach speeds up to 45 knots.

Saxdor yachts are available via Argo Yachting in our locations in the Balearic Islands, Southern Spain and Northern Germany.

#### SPECIFICATION\*

Length (excl. engine): 8.45 m / 27 ft 7 in  
 Beam: 2.60 m / 8 ft 5 in  
 Draft 0.92 m / 3ft 0 in  
 Passengers C: 7  
 Classification: C Coastal  
 Berths: 2  
 Fuel tank: 300 l / 79.3 gal  
 Water tank: 80 l / 21.1 gal  
 Outboard engines: 225 - 350 hp  
 Cruising speed: 45 knots  
 Construction: Vacuum infused GRP  
 Hull design: Twin-stepped V20° Hull

\*Specifications may be changed without prior notice. Performance may vary due to equipment, weather and load conditions.

#### OPEN BOAT BENEFITS

The open concept means a lighter boat with a better center of gravity and better driving stability due to less side wind sensitivity. The boat will reach a higher top speed due to less wind drag. Overall, the openness makes this sporty boat more nimble. "I personally think that the 270 GT looks very cool without the roof. It looks longer and sleeker and it sits just right in the water, like a true sports cruiser", adds Mr. Scharf.

# FINANCE & INSURANCE – MAKE YOUR DREAM A REALITY

When it comes to purchasing your yacht, you can feel reassured you're in safe hands with Argo Yachting as they have their own dedicated in-house Finance Manager offering flexible and competitive yacht finance and insurance options.

## YACHT FINANCE

Argo can obtain instant quotes from partners CGI Finance, Lombard Marine and Close Brothers, based on your current personal circumstances and requirements. Flexible finance options are available on pre-owned brokerage yachts, as well as brand new yachts from Finnish powerboats Saxdor Yachts, American heritage Chris-Craft boats, Italian designed Pardo Yachts, superyachts and catamarans from Wider Yachts, Polish Galeon Yachts and hybrid Greenline Yachts.

Thanks to exclusive partnerships, Argo are able to offer customers great solutions to yacht ownership, no matter where you are on your yacht ownership journey or the brand or size of yacht you're looking to purchase. Make your dream a reality sooner than you think with efficient, personalised and confidential solutions tailored to suit you. From day cruisers to larger motor yachts, corporate boats to superyachts, there are finance options to meet the most specific requirements.

## BENEFITS OF YACHT FINANCE:

- The customer can purchase a larger/newer vessel
- Loan is flexible and can be settled early
- Additional payments can be made
- Allows the customer to use their money elsewhere or work harder
- Loan is secured on the boat not property
- Save money on dividend tax

CGI Finance is a subsidiary of Société Générale, and it's one of the European leaders in the yacht finance sector. Société Générale is one of the largest retail banks in Europe, with 160,000 employees in 82 countries and 27 million customers. CGL brings 35 years of experience and a dedicated team of yacht finance experts.

Lombard Marine is the specialist arm of the Lombard finance group offering flexible finance lending for powerboats and sailing yachts. (Lombard finance is currently only available to clients wishing to make a company purchase.)

Close Brothers is a merchant banking group based in the UK that provides financial lending, wealth management and securities trading.

## INSURANCE

Depending on your specific needs, Argo Yachting has a selection of flexible levels of yacht insurance so you can protect those quality memories that you, your family and your friends enjoy. The Argo Yachting Finance & Insurance Manager can offer some of the most comprehensive yacht insurance cover plans on the market.

## WHAT'S COVERED?

Argo Yachting has teamed up with A J Gallagher Insurance to offer their yacht owners a flexible all-risks insurance plan and agreed value policy featuring:

## FOR YACHTS UP TO £500K

- New for old claims settlement (replacement yacht)\*
- Get home cover
- Machinery damage extension\*\*
- £5,000,000 third party indemnity
- Replacement vessel cover (temporary substitute yacht)
- Full tender and outboard cover including water-skiing if required
- Cover for personal effects and valuables
- No policy excess and no loss of no-claims bonus whilst in a secure marina berth
- Full underwater gear cover (without increased policy excess)

## ADDED BENEFITS FOR YACHTS BETWEEN £500K – £3M

- A premium rebate when renewing your policy every year\*\*\*
- Added Jet-Ski cover
- Skipper charter cover

\* Vessels up to 3 years old \*\* Vessels up to 5 years old \*\*\* A 5% premium rebate will be payable to you when your policy is renewed, providing claims (paid and outstanding) do not exceed 15% of the premium paid during the previous 12 months.

For more information about the one-stop shop for yacht finance, insurance, sales and service or for a no-obligation quote, contact Argo Yachting's in-house Finance & Insurance Manager, Bruce Hastie on +44 (0)1489 885656 or email [finance@argoyachting.com](mailto:finance@argoyachting.com)

# AFTERCARE AND SERVICE

Argo Yachting know too well that aftercare and service is critical in providing customers with the best experience, thanks to the winning formula of its sister company, Rybrook cars, which is built on its heritage of impeccable customer care.

From hull cleaning to engine servicing, Argo Yachting has a team of technicians across the UK and Europe who are skilled in every aspect of motor yacht maintenance. Work can be arranged individually, or as part of a regular bespoke maintenance package along with a dedicated yacht concierge to arrange any inspections, servicing, maintenance or repairs throughout the year.

Backed by Princess Motor Yacht Sales, the largest official distributor of Princess motor yachts worldwide, you can be reassured that the care of your yacht is in safe hands. Argo Yachting is committed to offering exceptional levels of customer service and technical support to its owners, with a dedicated team of 40+ trusted and skilled engineers on hand.

Peter Harwood, General Manager – Aftercare UK, at the Saxon Wharf facility in Southampton tells Argo Nautica why regular servicing is vital.

'If you owned a £400,000 car, you'd have it serviced regularly by a trusted professional engineer. So, just like our sister company, Rybrook cars, that's renowned for its superb aftercare, yacht service and maintenance is very similar. A yacht is usually a remote asset and it's important to help retain the value and keep on top of the maintenance before issues become more troublesome. It's also about peace of mind, that when you turn up to your yacht, having flown with friends and family, all packed and looking forward to the holiday, that everything works. Regular service and maintenance is extremely cost effective in the long run and helps to minimise unnecessary downtime, which could potentially disrupt an owner's pre-planned holiday.'

Yacht services available include:

- Engine and generator servicing and repairs
- Air-conditioning inspection and service
- Battery servicing and replacement
- Hull cleaning and antifouling
- Interior cleaning and exterior refurbishment
- Yacht winterisation

Argo Yachting proudly offer a personal yacht concierge service to its owners in the UK and Mallorca, with impressive local service centres in Southampton, Plymouth and Son Bugadellas, Mallorca. Across further international waters, they are able to assist owners with repairs, technical issues, regular service and maintenance, or even to simply recommend local anchorages.

The yacht concierge team are on hand to deliver owners a 5-star service, so they know they're in safe hands when it comes to yacht ownership.

Argo Yachting also offer an all-inclusive service plan with items built into a bespoke package, available on all yachts up to 10 years of age.

Explore more at: [www.argoyachting.com/ownership/servicing](http://www.argoyachting.com/ownership/servicing)

# THE BENEFITS OF SELLING A YACHT WITH ARGO YACHTING

When it comes to brokerage, one of the most common questions is, 'how do I sell my yacht?'. Argo's dedicated brokerage team offer a trusted yacht brokerage service to help owners realise their yacht's true selling potential.

## START FROM THE BEGINNING

When considering selling a yacht, the starting point should be researching other yachts of a similar manufacturer, size and age, to see what they're selling for and understand the market. This will set expectations to a degree – an expert valuation will help customers to understand the actual worth of their yacht and how much one can realistically expect when it comes to a sale. This is where Argo Yachting comes into the equation.

Argo Yachting's experienced and friendly team can assist with a trustworthy valuation. Thanks to over 50 years of experience and industry knowledge, the brokers are able to base the valuation on in-depth knowledge of the current market, including recent selling prices of similar craft, and the current asking prices.

## WHO WILL SEE THE LISTING?

Once a customer has decided to list with Argo Yachting, a simple multi-step process will take place to ensure the listing works as hard as possible. Firstly, there will be a detailed inspection of the craft, to confirm it is safe, secure and ready to be sold – at this point, there may be recommendations to carry out some service or maintenance works or preparations that could assist a quicker sale. Argo's in-house professional photographer will then visit the yacht to produce a suite of luxury photographs, video (including drone footage) and a 3D tour. A detailed specification will also accompany the listing online so that customers can experience the yacht from the comfort of their home.

Argo Yachting, have exclusive access to a number of successful marketing channels in which to showcase yacht listings – advertising in UK and European marine press including Motor Boat & Yachting, Boote magazine and more. Listings will also be displayed at our growing number of Argo Yachting offices, located in some of the most prestigious marinas across the UK and Europe, as well as promoted through a global network of contact and a presence at numerous international boat show.

Whether venturing into a different leisure interest, or looking for an upgrade – Argo Yachting can help you to sell your yacht stress-free. Find out more on the website: [www.argoyachting.com/about](http://www.argoyachting.com/about)

## RYBROOK MASERATI HITS THE MARQUE

Bristol recently welcomed an Italian automotive icon as Rybrook Maserati opened its doors to customers. Conveniently located at Cribbs Causeway, just minutes from Junction 17 of the M5, this state-of-the-art new showroom feels less like visiting a car dealership and more like entering an exclusive Italian fashion house. As the automatic doors effortlessly slide open and the polished floors entice you in, it becomes immediately clear that you are experiencing the ultimate luxury that only a premium automotive marque can offer. A bespoke environment with dedication to design and performance at its heart.

Whether you are interested in a new or pre-owned model purchase, the Rybrook team are on hand to welcome and accommodate customers in style and comfort. If you're fortunate enough to be a Maserati owner already then you can rest assured that your Aftersales requirements are also extremely well cared for. Rybrook's team of highly-skilled technicians can welcome your car in for servicing, maintenance, MOTs or genuine Maserati accessories.

When it comes to new models, this is an exciting year for Maserati. Firstly, it recently announced its electrification plan.

A bold move that will stake Maserati's claim as the first Italian luxury car brand to produce full-electric models. The new GranTurismo, which debuts next year, will be the first car in Maserati's history to adopt 100% electric solutions. This year also sees the launch of the Grecale, an exciting new SUV that is designed to be the perfect, bold synthesis of avant-garde and passion, innovation and timeless design. It is available in three versions and next year the range will be bolstered by a fourth full-electric version. The existing Ghibli, Levante and Quattroporte lineup has also been significantly enhanced with the introduction of new editions, including the MY22 range with its GT, Modena and Trofeo trims.

Ghibli GT Hybrid

Levante GT Hybrid

**Brand Manager, Ross Thorley, is excited to welcome new customers to the showroom:**

*"The Maserati brand is built on elegance, performance and luxury - and our new space reflects all of those elements. Whether you're one of our valued customers or visiting us for the first time to discover a new or Approved model, we pride ourselves on delivering exceptional service*

*and we look forward to welcoming you to our stunning new premises."*
