BROKER'S OVERVIEW:

This Sunseeker Portofino 46 combines comfort, speed and luxury, making her ideal for relaxed cruising, family outings or commercial charter operations

With her spacious cockpit and well-designed interior, she can accommodate up to 10 guests for day trips and up to six adults overnight. ***"Knot Again"*** offers four berths in two cabins: a forward master cabin with an en-suite bathroom and an aft twin guest cabin, also with an en-suite bathroom.

The bright and comfortable salon features beige leather seating, a dining area and a fully equipped galley. The interior is finished in satin cherry wood, complemented by cream leather sofas and matching carpets.

She is powered by twin Volvo TAMD75-A diesel engines, each producing 480 hp. The engines have been well maintained and provide strong performance for both coastal and offshore cruising. Her advanced hull design delivers a smooth and stable ride, while the spacious swim platform makes water sports and tender handling easy.

"Knot Again" is already a well-established and highly popular charter yacht, generating significant income through a strong and loyal client network. She completed more than 140 charters in 2025. The sale also includes the existing and future charters, offering the buyer an opportunity to acquire not only the yacht, but an existing charter operation with an established market presence and immediate income potential.

This makes her particularly interesting for an investor or operator looking for a commercially proven charter yacht with room to further increase value and profitability through targeted cosmetic improvements.

It is important to note that the boat is **not currently in perfect cosmetic condition**. The deck and upholstery require attention, and prospective buyers should allow for an appropriate budget to complete these improvements. However, this is also reflected in the opportunity: once the necessary works have been carried out, the yacht has the potential to become an even more attractive and profitable charter asset.
